

Boston Nov. 5. 1842.

Mr. F. Jackson,

Dear Sir,

The note signed by yourself
 & others, inviting me to speak at the late Fan-
 -ueil Hall meeting in behalf of Latimer, was not
 received until after the meeting. The meeting had
 my sympathy. I would have had my presence
 without any special invitation, had not a
 previous engagement at another public meeting
 rendered it impossible. As it was, Latimer's
 Case was mentioned to my people on Sabbath
 Afternoon & made the subject of special prayer
 & of a few remarks explanatory of it, in the
 course of which, I took occasion to say, what
 I am ready to say any & every where, that I
 regarded the decision of ^{the} Supreme Court of the
 U. States, under which Latimer is arrested & held,
 as annihilating the rights of the Sovereignities of
 the several States in a point most vital to the
 liberties of their citizens, & as being as much in
 violation of the Federal Constitution as it is at

Amos A. Phelps

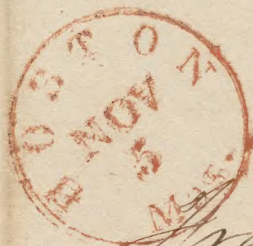

war with God & justice.

Yours respectfully,

A. A. Phelps.

P. S. I received your note just as I was leaving town
& have but just returned.

Francis Jackson Esq.

Boston.
